

TOY AIRPLANE

WHAT'S IN THE BOX?

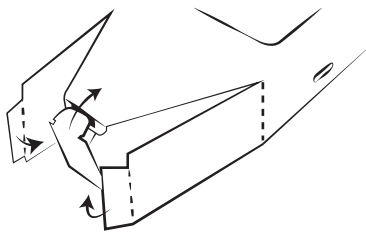

- 1x Airplane body
- 2x Wing parts
- 1x Tail part horizontal
- 1x Tail part vertical
- 1x Propeller

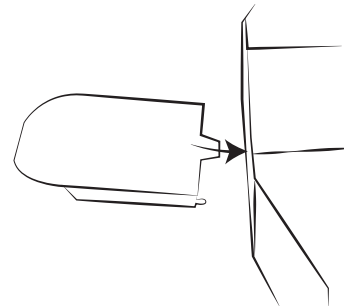

1. Take product out of the box. Make sure you have all the parts.

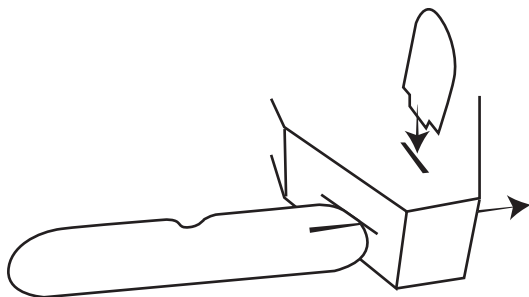

2. Create the base of the plane by putting the clickers in the designated holes as shown.

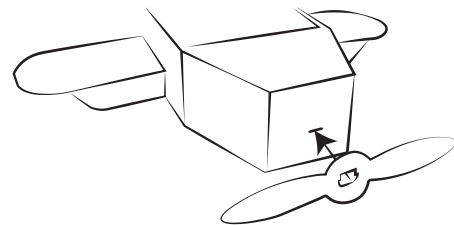

3. Close the front and back of the plane by folding the flaps inwards

4. Attach the wings to the plane in the designated holes

5. Attach the tail parts to the back of the plane.

6. Attach the propeller to the front of the plane. Ready for take-off!
